SUMMARY

Seattle-based web developer, graphic designer, video editor, and multimedia specialist with 12 years of experience. Proven track record of delivering clean, compelling designs on schedule with an eye for detail and high standards of excellence.

EXPERIENCE

Evoxe (Formerly Percussion Strategic Digital) - Co-founder; Lead Designer, Front End Web Developer, and Video Producer
SEATTLE WA, 2020 - Present
Led multimedia production of deliverables for social impact clients.
- Designed and developed websites integrated with CRM, action platforms, and email services optimized for deliverability in Wordpress, Sanity, and x.
- Created and optimized graphic assets for social media and display ad campaigns.
- Developed and produced video content, including filming, editing, and creating motion graphics.
- Designed collateral including pamphlets, apparel, banners, mugs, and direct mail.

Freelance Web Design & Administration
SEATTLE WA, 2020 - PRESENT
Created, updated, and managed client websites across industries. Created and maintained a variety of pages for evolving content needs. Found solutions for layout challenges in off-the-shelf template packages and legacy codebases.

Freelance Graphic Design
SEATTLE, WA, 2012 - PRESENT
Created compelling designs for print and digital use across industries, including social media graphics, presentation decks, logos, apparel, and album covers.
